EXPERIENCE

Xfinity Solutions, Remote — *PHP Developer*

NOVEMBER 2022 - PRESENT

Working on an umbrella payment system which has over 5 gateways in it for our clients.

Ency Consultancy, Remote — *Software Engineer*

May 2022 - October 2022

Worked on their client's project in the shipping industry to accurately estimate the cost of sending cargo from one part of the world to another.

Xfinity Solutions, Remote — *Web Developer, PHP Developer*

MARCH 2020 - APRIL 2022

Worked as a web developer developing simple static and dynamic websites for their clients.

Later on I started working on a CRM and payment integrations for a different client.

RK Software Labs, Remote — *Self Employed Freelance Web Developer*

June 2018 - MARCH 2020

Worked as a freelancer developing websites for small businesses.

Small web apps with Codeigniter 3 and 4

EDUCATION

University of Mumbai, Navi Mumbai— *Degree*

June 2021

Completed Engineering in Electronics and Telecommunication.

Yet to get my degree as I passed my 8th semester before my 7th semester so the 8th semester marksheet shows that I have failed the 7th semester which I have passed.

Have some formalities to complete to get my degree certificate.
